552,792,173 Roblox items were collected

Explanation:

552,792,173 Roblox items were collected by players in 2018.

Roblox is a medium through which different players join together.

The reason behind the usage of Roblox is that it is not only used for playing but for creating games as well.

Firstly there was a total of 34 billion users of it later on it expanded its platform.

Meepcity was the first Roblox game that got viral and was played by many users.
